Personal Statement

I am an enthusiastic Media Lab Arts student, with a passion for creativity and desire to succeed. The course has given me a detailed overview of relevant activities within media focusing specifically on web applications, flash animation, video editing and creative design techniques. From my time studying the course I have built up a number of skills which I believe will be extremely valuable within my work placement. www.contemporary-media.co.uk is a continuous on going project throughout the second stage of Media Lab Arts, so at present it is underdeveloped and due to dramatically change over the following year, but my first stage work can be viewed at www.contemporary-media.co.uk

Skills

Macromedia Flash
Macromedia Dream Weaver
Macromedia FreeHand
Macromedia Director
Macromedia Fireworks
Adobe Photoshop
Adobe image Ready
Adobe Premiere
Adobe After Effects
Final Cut Pro

3D Modelling

Languages: Lingo, Action Script, Java Script, ASP, Visual Basic and Delphi

Experienced in using a number of word processing packages including Microsoft Word, Microsoft Excel, Microsoft Access and Microsoft PowerPoint due to my extensive use of information systems, through the media of A2 Level Computing and a computer literacy course (CLAIT)

Confident in using high level programming, for example VB, ASP and Delphi, as expressed in my recent course work and examination for introduction to multimedia Programming (Bsc (Hon's) Media Lab Arts)

Employment History

Freelance employment

Student Union Website Banner design Project

I designed society Banners for the Students union Website, this was a very enjoyable project and it helped me to expand on my knowledge of Adobe Photo Shop and Fireworks. My Banners can be viewed at <http://www.upsu.com/main/activities>

Website design

At present I am currently working on a joint website venture with www.undefinedexpressions.com to produce a website for a local diving and boat Restoration company, this is an ongoing project, and is in the early stages at present.

Cut Above Business Cards/invoices/Letter Head

Designing a letter head and a business card for a carpentry company called 'A cut above Carpentry'. This was the first project I undertook, and it was an extremely good experience, and I enjoyed expanding on the specification set by the company. Due to the overall success of the project I am currently working on expanding the companies' corporate identity.

Project can be viewed at www.contemporary-media.co.uk

General Employment

2002 – To Date: Marks and Spencers– Retail assistant/Financial Advisor. I am situated on the Ladies wear department, advising customers about extensive financial services provided by Marks and Spencer's.

1999 – 2002 Somerfields– Night fill supervisor, supervising a team, to ensure all required work was completed and the store was presentable for the next day of business. I was responsible for dealing with customer complaints and I was able to work as a till operator and as a shelf replenishment officer.

| | |
|--------------------------|---|
| A2 level Computing | C |
| A2 level General Studies | D |
| AS Level Chemistry | D |
| AS Level Biology | D |
| AS Level Economics | E |
| AS Level Psychology | D |

Hobbies and Interests

I have a keen interest in films, and explaining and expanding my ideas in a non linear, but creative way. I enjoy media as a whole, but I particularly enjoy the film industry; understanding the way in which they have been edited and created and aimed at a particular audience. My hobbies include surfing, photography and snowboarding, ideally I would love to combine my hobbies, to produce a series of photographs focusing around these sports.
